## Home from Home Greek Holiday Apartments to let.

For a true Greek holiday experience, these apartments are situated just one street back from the azure blue sea of Zakynthos and enjoy sea views.

Situated on the 3rd and 4th floors, they are fully equipped for an independent "get away from the crowds" type of holiday.

**See over for full details of our apartments.**

There is a pebble beach & sun bathing area with sun beds and beach bar 100 metres from your front door and a selection of sea front restaurants. Our favourite is just a 10 minute stroll away - the *Prassine Varka (or Green Boat)*. This has direct access to the sea, so day or night you can have a dip whilst your food is cooking, then dine as you relax almost on top of the water - "it's our idea of Heaven!"

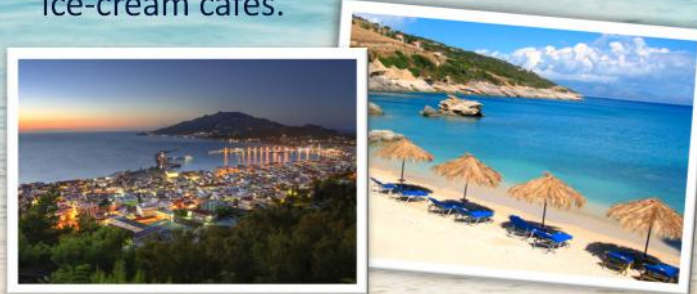

A 10 minute wander in the opposite direction brings you to the main town with numerous shops, bars, cafés and restaurants.

## Exploring our beautiful island.

Zakynthos is a pretty Venetian style town with a long sea front and large harbour. There is also a small marina too, with everything from sailing boats to luxury liners, especially in August when we have the festival of the island's Patron Saint Agiou Dionyssios (St. Dennis) or festival of the Virgin Mary.

Above the town, the old Venetian fortress at Bohali has amazing views of the town below, and across to the Peleponise mountains on the mainland. Bohali is a great place to visit in the evening with a good selection of bars, restaurants and ice-cream cafés.

From Agiou Riada (*the suburb where the apartments are situated*), you can get to the busy resorts of Argassi and Tsilivi by bus, just 10 and 20 minutes respectively.

If you wish to hire a car you can visit the rest of this amazing island very easily as its only around 37 miles long. The north is hilly, and the rugged west coast enjoys amazing sunsets, especially at Kampie...
